Summary

I'm Md Ohidur Rahman a University Student. I'm studying B.Sc in Computer Science & Engineering. For that I have intermediate level (Structural & Object Oriented) Programming language knowledge. I performed many Programming and Designing Contest. I worked as a IT Trainer and a Graphic Designer in a private IT Company. I successfully managed some Websites as a Marketing Advisor.

I'm self-motivated and improvement person. I always try to learn a new things for Improve my Skill. Recently I have written some SEO Friendly Content and also Create Some Creative Design by using Photo-shop and Illustrator and coded some program using c/c++, Java, JavaScript, HTML, CSS (bootstrap) php for varsity education purpose. I also have Great knowledge about CMS (Wordpress) & Framework (Laravel)

In free-time I listen music for physical relaxation. Most of free time I spend on online programming Judge like SoloLearn URI and HackerRank. I'm either browsing internet for new project/and working on a new skill.

Enjoy & Fun

I'm Die-hard fan of "Marvel Comics and Cinematic Universe". I researched and learn many things about this.

DC Comics and Universe are not bad.

I also listen "SIA" music sometime.
